Full stack web developer with skills in React, Python, Javascript, Express and a passion for connecting people. I am endlessly curious about others and learning new things, and my intuitive sense for the needs of others allows me to create value-driven work. After years of working with youth and their families, I understand that connection happens on a deeper level of shared understanding. Technology gives us a space to tell a story and to invite others to be a part of it.

Skills

Languages: Javascript, Python, Node, jQuery, HTML5, CSS3

Frameworks: React, Express, Mongoose, Django, Bootstrap, Material ui

Tools: Git, Github, Heroku, AWS, NPM, Bash

Databases: MongoDB, SQL

Methodologies: Agile Development/Scrum, Object Oriented Programming, Test-Driven Development, Responsive Design

Experience

General Assembly / Web Development Immersive Fellow

November 2018 - February 28, 2019 Atlanta, GA

- ▶ Full-stack Web Development program with 600+ hours in class creating deliverables across 12 weeks.
- ▶ Created MERN stack web applications using modern MVC.
- ▶ Planned and implemented projects by developing user stories, wire-framing, creating ERD's and using responsive design
- ▶ Collaborated with team members utilizing Git workflows in an Agile environment to develop, test and deploy full stack web applications via Heroku and Amazon Web Services.

First Presbyterian Church (U.S.A.)/ Director of Youth Ministry

July 2016 - November 2018, Marietta, GA

- ▶ **Planned** 50+ trips from the ground up, directing the event from **conceptualization** to **completion**. Organized budgets, schedules, facilities, transportation, volunteers, marketing, and thematic elements.
- ▶ Cultivated inclusive environments of **collaboration** with teams of people from different backgrounds and understandings to execute successful international mission experiences.
- ▶ Served on the team of Executive Staff to ensure that **self-directed work** aligned with the goals of the organization.
- ▶ **Managed** staff and volunteers with empathy, providing **training** and empowerment in order to advance the values of the organization together.
- ▶ **Researched** best practices in the field to continually **innovate** systems and programs for the benefit of the community.
- ▶ **Presented** lectures and facilitated dialogue for groups ranging from a few members to 800+ members.

Associate Director of Youth Ministry

July 2014 - July 2016, Marietta, GA

- ▶ Prioritized **maintaining relationships** with members of the community, ensuring that every voice was heard and problems were addressed.
- ▶ Tackled the wide variety of issues that arise in a church through **interdisciplinary teamwork**.
- ▶ Utilized knowledge of both standard practices and new techniques to **create solutions** that were **efficient, affordable, and comprehensive**.

First Presbyterian Church (U.S.A.)/ Director of Youth Ministry

July 2012- July 2014, Birmingham, AL

- ▶ **Communicated** the value of the organization **clearly** and **effectively** in both written and verbal correspondence.
- ▶ **Balanced** the demands of a high-energy, fast-paced work environment with the needs of the community.

Education

Samford University/ BA History

August 2010 - May 2014, Birmingham, AL
